

SPEAK OUT FOR THE COLLEGES AND UNIVERSITIES OUR COMMUNITIES DESERVE

#RESIST

- 📣 Stop the privatization of public colleges and universities
- 📣 End the attacks on collective bargaining and attempts to weaken the voice of educators
- 📣 Protect students from Trump/DeVos schemes to deregulate diploma mills, allow profiteering off of student loans, and strip rights and protections from students and their families

#INVEST:

- 📣 Fully fund public colleges and universities
- 📣 Make public higher education debt free for our students
- 📣 Bring parity in pay and benefits to all public higher education workers
- 📣 Adjuncts deserve equal pay for equal work

#ENVISION:

- 📣 Provide students with access to sufficient course offerings, appropriate class sizes and high-quality resources
- 📣 Support faculty who want more time to serve students
- 📣 Call on state leaders to support the Fair Share Amendment to provide necessary funding for public schools and colleges
