

URGENT! URGENT! URGENT!

**LEGISLATIVE ACTION ALERT:
HEALTH CARE FOR ADJUNCTS**

With your help, this year we have a **good opportunity to win health care for adjuncts** at state universities, community colleges and all of the campuses of UMass.

Contact your state representative and state senator and tell them that you want them to support H.4153, *An Act Investing in public higher education*. You can find contact information online at:

malegislature.gov/Search/FindMyLegislator

If receiving this message electronically, you can also click this [link](#) to message your legislators.

In addition, please ask your state representative and senator to express their support for the bill to the chair of the House Ways and Means Committee, Representative Jeffrey Sánchez, as well as to members of the leadership team of the House and Senate.

Legislators need to act on H.4153 this Fall.

This bill would provide health care for adjuncts who teach at least 2 three-credit courses in a semester, or 4 three-credit courses in a calendar year, at any public higher education institution in Massachusetts. If you are an adjunct, share your story! If you support public higher education, let Beacon Hill know that passage of H.4153 is critical for preserving the quality of our public colleges and universities.

Tip: Legislators like to see your home address and personal email address
